### **ABOUT KALERA**

Kalera is a technology driven vertical farming company with unique growing methods combining optimized nutrients and light recipes, precise environmental controls, and clean room standards to produce safe, highly nutritious, pesticide-free, non-GMO vegetables with consistent high quality and longer shelf life year-round. The company's high-yield, automated, data-driven hydroponic production facilities have been designed for rapid rollout with industry-leading payback times to grow vegetables faster, cleaner, at a lower cost, and with less environmental impact.

Further information about the company may be found in the attached presentation or online at [www.kalera.com](http://www.kalera.com) and [www.kalera.com/investor](http://www.kalera.com/investor) along with an introductory Kalera film: [www.youtube.com/watch?v=2Crpph9w0hE](http://www.youtube.com/watch?v=2Crpph9w0hE)
